Grade thresholds taken for Syllabus 0600 (Agriculture) in the October/November 2013 examination.

	maximum	minimum mark required for grade				
	mark available	A	С	Е	F	
Component 02	90	78	60	40	30	
Component 11	100	64	47	36	24	

The threshold (minimum mark) for B is normally set halfway between those for Grades A and C. The threshold (minimum mark) for D is normally set halfway between those for Grades C and E. Grade A\* does not exist at the level of an individual component.

The thresholds for the syllabus are determined first by adding together the thresholds for the components taken by the candidate. A reduction may be made at the higher grades depending on the correlation of the papers. If the maximum raw marks for the components are not in the weighting/relationship specified in the syllabus, a weighting is applied to arrive at the overall thresholds. The A\* threshold is calculated using the difference between A and B as a starting point.

The maximum total mark for this syllabus is 100.

The overall thresholds for the different grades were set as follows.

Option	Combination of components	<b>A</b> *	Α	В	С	D	E	F	G
AX	02, 11	78	70	61	53	46	39	27	15

Grade Thresholds are published for all Cambridge International AS/A Level and Cambridge IGCSE subjects where a corresponding mark scheme is available.
